FOR IMMEDIATE RELEASE

V-COMM PROMOTES MIKE WEBSTER To Senior Network Engineer

Cranbury, NJ (January 27, 2009) – V-COMM, a leader in telecommunications engineering, has promoted Mike Webster to Senior Network Engineer. Having worked at V-COMM as a co-op while attending Drexel University, Mike joined V-COMM as a full-time employee in 2005 as an associate engineer upon graduating with a degree in Electrical Engineering. Since that time Mike has played a key role in various projects within the Network group in V-COMM's Cranbury, NJ office. In addition to his continued engineering project work, Mike will now assist in mentoring lower level engineers to ensure their continued growth. Network engineering represents a core service for V-COMM's client roster which includes companies in the Telecommunications industry including traditional, wireless, VOIP, and cable, as well as government agencies, educational institutions and enterprise organizations. Mike is thrilled with his new promotion, saying, "I have enjoyed the experience I have gained while here at V-COMM and look forward to new opportunities that await me in the future."

Since joining V-COMM, Mike has become an integral member of the Network Engineering department," says Dominic Villecco, founder and president of V-COMM. "We are excited to recognize his accomplishments and look forward to his continued growth and future achievements in this new position."

V-COMM is a leading provider of integrated network engineering, radio frequency engineering, and business services. V-COMM delivers the needed expertise and cost-effective solutions to governmental agencies and wired and wireless operators. Company executives are much sought-after expert witnesses providing testimony on telecommunications issues in local, regional, national, and international venues. V-COMM has a growing staff of nearly 50 engineers and professionals with offices in Cranbury, NJ and Blue Bell, PA. For more information, visit us on the World Wide Web at www.vcomm-eng.com.
